IOA Observer

Note :

1. Some voters had not cast all the 6 votes for the posts of Vice Presidents and Joint Secretaries, though there had been prompts that all the votes had not been cast. That accounts for the total number of votes cast for the above 2 posts to fall less than total tally of 384 votes.
2. There is no observer to attest to the declaration of results, since the representative of the Central Government did not join the process inspite of a window being made available in the election portal for her presence.
